This is a blog about the most popular and the latest software and applications. Starting from Microsoft Office, tools for creating websites, screen recording, video editing, file repairing, web designing, and much more. Tracking health care costs. A health care system is judged on its ability to control costs and, for the elderly, on its ability to provide high-quality health care. In fiscal year 1996, health care costs rose at an annual rate of 4.5 percent and health spending rose at an annual rate of 7.7 percent. In order to deal with these growth rates, the Centers for Medicare and Medicaid Services, as part of its Medicare and Medicaid programs, reduced the growth in its hospital prospective payment systems and established a target price and a range of prices for managed care plans. For elderly patients, the Centers for Medicare and Medicaid Services created more stringent requirements for the quality of health care services.
