Adding hyperlinks and descriptions. Win32. Secrets. Working to do on this list. Adding hyperlinks and descriptions. Please use Win32 to update the information. Thank you for your contribution. A: You can use HWID GENERATOR . It is the latest version available. you can download Update March 10: Check out our coverage of the Hawks' new bench mob The Atlanta Hawks have placed starting center Jeff Teague on the injured list, reports David Aldridge of TNT Sports (Twitter link). He will miss three to four weeks due to a heel injury he suffered on Christmas, adds John Hollinger of SI.com (also on Twitter). Teague is an integral part of the Hawks' offense and, in turn, has been a catalyst for the team to reach the playoffs for the first time since the 2011-12 season. Atlanta also has Joe Johnson (knee), Thabo Sefolosha (knee), Korver (broken hand) and Mike Muscala (ankle) on the sidelines. The Hawks will reevaluate Johnson (knee) on Tuesday, Hollinger tweets.[Effects of surface modification on composite dental repair materials]. To evaluate the effects of surface modification on bonding of composite repair materials to dentin and enamel using a 2(3) factorial design. The change of the adhesive properties was investigated using a two-step etch-and-rinse procedure, while the effects of surface treatment were evaluated on the microtensile bond strength of resin/dentin composite repair materials using surface-modified dentin
