Welcome to the official site of Masters of the World, a game of mystery, espionage and ancient conspiracies. Join the battle for the throne of Rome using your destiny, Roman army and cunning as you fight off invading enemies.

```
Q: bash: redirect stderr to stdout and save stdout to a file I am trying to
redirect stderr to stdout so that I can save stderr in a file and then write the stderr from the file to a
logfile. if [ $1!= "echo" ]; then { echo "arg1: $1" $1 &> /dev/null } 2>&1 | tee /tmp/logs fi It seems like
this does not save stdout correctly. This is what the terminal looks like: % time echo 2 > /tmp/foo 0.00s
user 0.00s system 23% cpu 0.052 total % time echo 2 > /tmp/foo 2>&1 | tee /tmp/logs 0.00s user 0.00s
system 26% cpu 0.064 total % cat /tmp/logs echo 2 > /tmp/foo % cat /tmp/logs % time echo 2 > /tmp
```

Masters Of The World Geopolitical Simulator 3 Crack Indir
