JDB (Jose Carlos Cavalcanti) is the project responsible for the Musical works in the game. Using RPG Maker VX Ace and his skills as an audio producer, songwriter and performer, JRPG Maker creator's aim is to give game developers around the world the chance to create their own pop-ups, BGM, and RPG "Soundtrack" through the use of Music. The theme of JRPG Maker, is created out of love for the classics and the enjoyment of creating pop-ups, BGM and soundtracks, however JRPG Maker is also more than just that, it is a tool for creating new RPGs, digital books, illustrated stories, short stories, film soundtracks and more. JRPG Maker takes on a musical theme, in a genre that incorporates many of those also used for JRPGs, such as RPGs, hentai or that of Japanese Anime and characters such as Yuri Hime and Yuna. A series of music that accompanied the use of Classical instruments has followed. These initial tracks have begun the creation of a JDB with many more planned to come. JRPG Maker is a tool for the creation of pop-ups, BGM, and soundtracks for those wishing to share their creations with the world. JDB is created by Jose Carlos Cavalcanti, the lead developer and creator of RPG Maker VX-Ace. I'm doing this operation just to check that the arithmetic is correct. The weird thing is that if I do: float x = 0.1f; float y = 0.2f

If you played zombie shooter Deadhunt, go to sleep mode or never leave your bed in your entire life, I promise you that you will not like it. While you were asleep, the enemy has taken over the world. You are not just one agent anymore. You are a zombie hunter in this world. Your goal is to either protect your home base or complete the assigned missions in each level. Day 1: After passing zombie school, you get your first mission: rescue the president of the United States. In the meantime, you must protect your home base from random attacks from time to time. Day 2, the presidential campaign begins. Zombies pour in your home base to prevent you from rescuing the president. You must take cover and complete missions. Day 3, H3-Bot, a zombie that can change his shape, abducts your girlfriend. Your goal is to rescue her. There are a lot of new characters and events in the game. -NEW MISSION: There are a lot of new characters and events in the game. -NEW CHARACTER: Another man named 'K' is trying to rescue you. He knows about your secret, so he comes to help. Why are there zombies in the president's residence? Why is the home base attacked? -NEW LOCATION: You must avoid gunfire from the zombies, and complete your assigned missions. When you close in on the target, close down your eyes and think of a

good strategy to avoid being ambushed. -NEW ENEMIES: There are more than seven new enemies, such as Grenadiers, Pishgals, Parasites, Robot Humans, Mental Humans and Super Tanks. -NEW WAY TO PLAY: You can use various weapons, such as a Shuriken, a knife, a grappling hook, a wrench and a grappler gun. Learn the properties of each weapon to use them effectively. -NEW LEVEL: There are over 50 levels in the game. -NEW GAMEPLAY: This is a hardcore Gameboy clone game like Deadhunt. You can play in different ways: -MASTER Mode: Gather hearts to unlock various optional settings. You can also customize your experience with four difficulty levels. -HOLD: If you tap the screen in a certain way you can 'hold' the protagonist to suspend the action. Don't worry about this game. There is no time pressure, no time to complete missions or level scores and no in-app purchases
