The only rules are this: Your lifestyle must be based on two things: Must ALWAYS be flexible. You are a multi-billionaire, so you must be able to live like one. Must never get in the way of your dream. Your dream is becoming a multi-billionaire. Therefore, this must be the guiding light of your life. The dream must come before the need. You must always be doing what you love. That leaves a lot of room for your own creativity. You must live like a billionaire. Any restrictions and rules that you set up must be based on your own standards. Now let's get to the fun stuff: Flexibility Living like a multi-billionaire means that you can choose what you will and won't do. So you can choose to live like a celebrity or party all the time. One of the improvements that adds to the success of Hybrid is the use of Virtual Machine Scale Infrastructure (VMSI) to run live environments on Windows Server 2003, 2008 and 2008 R2. The following are the notes that hit the forums: - Uploading the iso requires Windows 7 64-bit to correctly work - VMSI doesn't work on Win 32-bit OS - We are not using bugzilla for reporting, just as a place for discussion - You cannot use Windows as a VMSI host when running Hybrid on W7 (even thought it says you can) - You also cannot use W7 as a VMSI host when running Hybrid on W3 (even though it's advertised elsewhere). - We will be offering a service level agreement with Virtualiser as to which WServers are used for VMSI. Hydra VMSI Specification V7.2 is now available here: Media coverage is still very sparse. We (Richard Mackenzie, Chris Sadler, Stephen Fry and Tony Zlower) are just disappointed that so much is not more widely reported. Hydra-06 OS is also going to be announced at the PC Masters Live show in Wellington on Friday the 13th, in the Software & Graphics category. Be there or be square, which is much the same thing, but we have made no such statement. In fact we have been quite vocal at stating our reasoning and opinions on things, before they are announced. Be assured that you are always our first priority and we want to see you at the show. One of the
