Microgaming, the developers of the hugely popular online casino games, is pioneering new technology that allows its players to play to win across desktop and tablet and mobile devices. In a world first, IGT, one of Microgaming's long-standing partners, has developed a professional version of the software needed to run Microgaming's Vegas slots on mobile platforms. The first ever version of this game to be released, Vegas Mobile II, has been developed specifically for smartphones and tablets. Microgaming has announced that it is to release a new client for Windows and Mac users, allowing them to play all of the company's online casino games anywhere. The software, called Vegas World 2, is designed to run on Windows, Mac and iOS (iPhone and iPad). The software brings together the security and advantages of online gaming with the social and convenience benefits of offline play. The latest version of Vegas World is now available. The new client is designed to bring the best of home and mobile gaming together, and offers a more intuitive and accessible gaming experience through a host of innovative features. Vegas World 2 provides an ideal environment for the full range of Microgaming's casino games, with a sleek user interface and extensive features tailored to the mobile gaming experience. Mobile gaming is becoming an ever more popular pastime, with the recent launch of the iPhone 5 proving to be a huge success for both Apple and its customers. Microgaming has released Vegas World 2, an online casino client that allows players to take their favourite games from the desktop version onto their phone or tablet. Gamblers can now enjoy the best online casinos all in one place from any device. The company has developed Vegas World 2 for Windows PCs and Macs, and to run on smartphones and tablets. Microgaming has launched two new "smart" poker client for Windows which have improved graphics and much improved chat options. Microgaming Poker is designed for use on all Windows systems, and includes a wide variety of both sit 'n' go and pot limit tables which can be played from the desktop, or using the traditional click 'n' go option of the poker client. Microgaming has launched a brand new online slots client designed for both Mac and Windows users. The Microgaming slot client has been redesigned to improve user-friendliness and delivers a seamless on-screen experience for players across devices. The release of the new Vegas World 3.6 casino software client extends the range of Microgaming's casino games to a total of 104 games, and will bring the company's online casino client total
